INVITATION TO EXHIBITORS

Dear Industry Professional;

On behalf of the Organization for Human Brain Mapping (OHBM), we invite you to participate in our 18th Annual Meeting in Beijing, China, **June 10-14, 2012** where you can showcase your product or service by participating as an Exhibitor and/or Corporate Sponsor. In both instances, you will be able to interact with **over 2,000** neuroscience professionals from across the world that specialize in neuro-imaging research.

The OHBM Annual Meeting brings together professionals who want to keep abreast of industry changes, new technologies and fresh ideas, and who are typically decision-makers when it comes to purchasing new equipment for brain imaging laboratories. You'll have ample opportunity to share your expertise as you visit one-on-one with these key decision makers.

This Exhibitor Prospectus details ways to secure your booth at this "must attend" event. We encourage you to act quickly – space is limited and last year was a sell-out.

OHBM is also making it easier than ever for you to become involved as an event sponsor. Our multi-level approach is sure to fit your marketing needs. Enclosed you will find information highlighting the details of our Sponsorship Program.

We look forward to having you join us at the 2012 OHBM Annual Meeting!

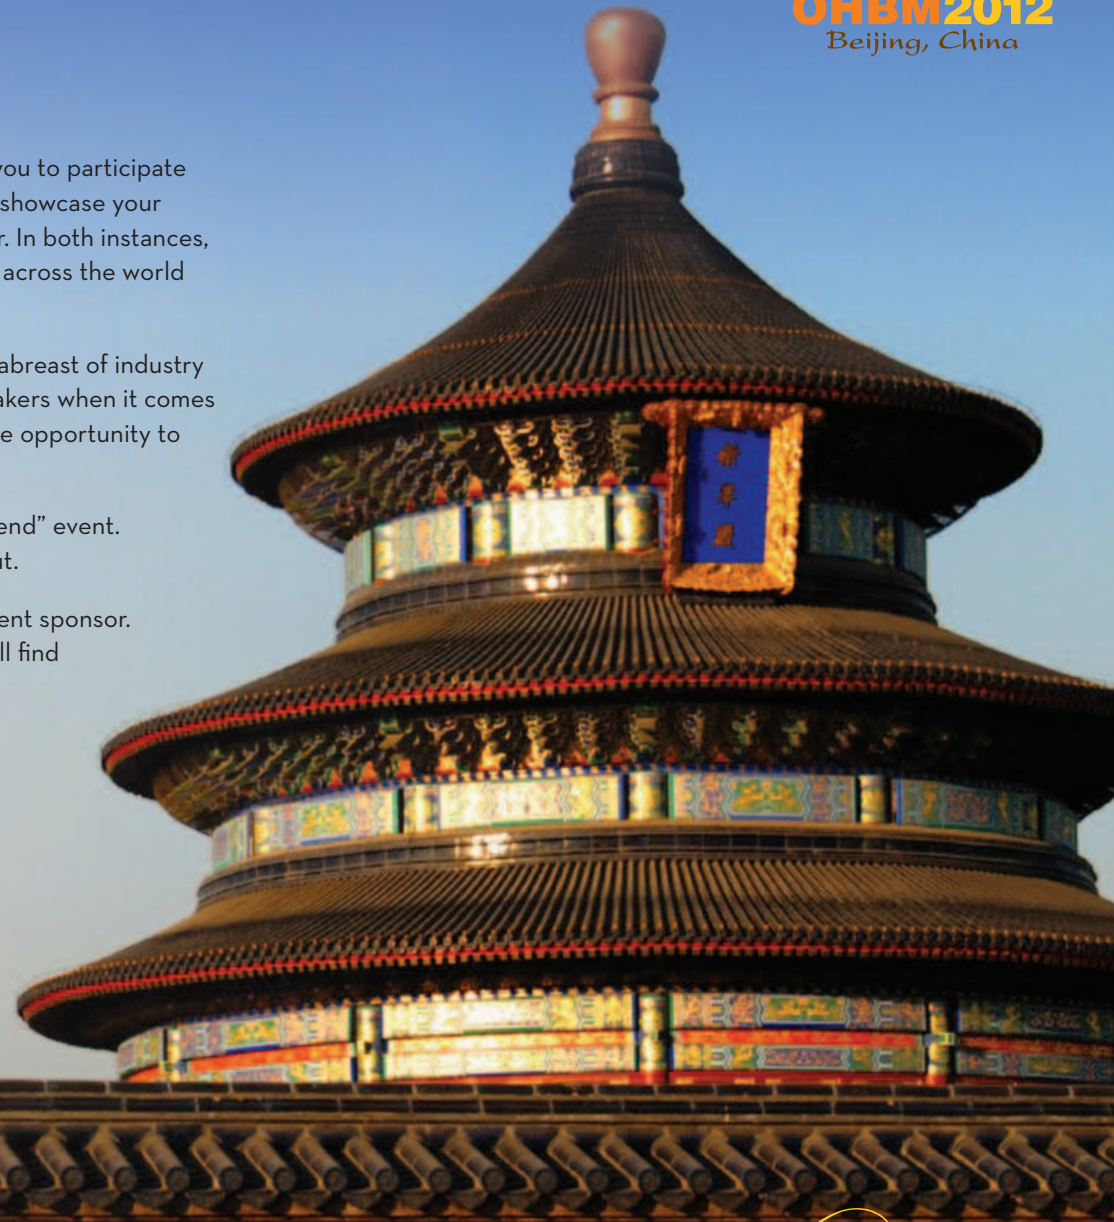

For further information regarding Exhibiting or Sponsorship, contact the OHBM Executive Office at info@humanbrainmapping.org.

Sincerely,

Maurizio Corbetta

GENERAL INFORMATION

WHO WE ARE

The Organization for Human Brain Mapping (OHBM) is the primary international organization dedicated to neuroimaging research. The organization was created in 1995, and due to the explosion in the field of human functional neuroimaging and its movement into the scientific mainstream, it has evolved into one of the largest organizations serving the Brain Mapping community. One of the primary functions of the organization is to provide an educational forum that initiates the exchange of up-to-the-minute and groundbreaking research across modalities exploring Human Brain Mapping. It does this through a growing membership and an annual conference held in differing locations throughout the world.

With its tradition of alternating meetings between North America, Asia and Europe, the meeting attracts between 2000-2500 attendees each year. The work presented at the conference typically employs brain scanning techniques such as magnetic resonance imaging, positron emission tomography, SPECT or methods such as EEG, MEG or Transcranial magnetic stimulation (TMS). Since the human brain mapping field is cross-disciplinary, OHBM members and attendees range from neurologists, psychiatrists and psychologists to physicists, engineers, and statisticians. Immense growth and dramatic new findings continue to characterize the organization.

MEETING VENUE

The 18th Annual Meeting of the Organization for Human Brain Mapping will be held in Beijing, China at the China National Convention Center (CNCC). Ideally located in the heart of Beijing Olympic Green, China National Convention Center stands right next to the Bird's Nest, Water Cube (National Aquatic Centre) and National Indoor Stadium. CNCC enjoys unparalleled location. It only takes 30 minutes to the airport and the subway linking city center and the airport has a stop at CNCC.

PROGRAM

The Annual Meeting will have an extensive program of local and international speakers, covering a wide range of topics and issues, and specifically address the field of human functional neuroimaging and its movement into the scientific mainstream. The focus will be to gather scientists and medical professionals using modern, functional, brain mapping techniques such as PET, SPECT, fMRI, EEG, MEG, optical imaging and neuroanatomical tools for assessment of the functioning of the human brain. It will include the applications of these techniques to study brain implementation of sensory and motor systems, vision, attention, memory and language in normal and pathological states. For more information on the scientific program please visit the conference website at www.humanbrainmapping.org/OHBM2012.

We invite companies that share our educational goals, wish to have a presence in this fast-growing, dynamic community of science and who want to have direct contact with those who are pioneers in neuro-imaging to consider partnering with us.

EXHIBITING

Benefits of Exhibiting

- Exposure to over 2,000 leaders in neuro-imaging research;
- Promotion as an exhibitor via company name and description listed in the onsite program and OHBM website;
- Attendee list provided in excel format, including names and addresses, will be provided after the meeting.

Exhibit Information

The China National Convention Center (CNCC) has an excellent conference facility with meeting rooms, exhibition areas, and posters all in close proximity to one another. The exhibit hall will host coffee breaks and be the main networking area for attendees.

OHBM is currently securing an exhibit decorator for the 2012 meeting. Shipping information, exhibit service kit, rules and regulations, as well as the specifics regarding booth size (10'x10' or 8'x10') will be sent with booth confirmation materials and posted on the OHBM website when available.

Payment

The cost of each exhibit booth space is \$3,100 USD. An application and deposit of \$2,000 USD per booth space is due on April 16, 2012. The balance is due on or before May 14, 2012.

Nonprofit organizations are eligible for a discounted booth rate. Interested organizations must submit a letter on company letterhead to OHBM either by mail, FAX or email requesting reduced booth fees. The letter must include a description of the organization as well as why it is considered a non-profit organization. If approved, the non-profit organization will receive a discounted rate of \$1,000 per booth space. Booth spaces are limited and the reduced rate will be given on a first come, first serve basis.

Space Assignment

Space is assigned on a point system. Points are rewarded based on current and past sponsorship, the numbers of years your company has attended the OHBM conference, and the order in which applications are received. Space is limited, so be sure to complete and return your application immediately.

EXHIBITING, CONTINUED

Contract for Space

The order for a booth(s) (upon acceptance by the OHBM) assignment of space, and the payment of rental charges constitute a contract for rental of the space assigned. Any exhibitor failing to occupy space is not relieved of the obligation to pay the full rental price. If not occupied by the time set for completion of display installation, such space may be repossessed by the OHBM. Said contract will not be binding upon the OHBM in the event of strikes or other circumstances beyond the OHBM's control.

It is agreed that:

- (a) If a company cancels its space on or before May 14, 2012 it will be responsible for paying the amount of the deposit.
- (b) If a cancellation occurs after May 14, 2012, the company will be responsible for paying the full cost of the booth space.

Certificate of Insurance

The OHBM does not provide liability or property damage insurance for exhibitor's property. Exhibitors will be responsible for adequately insuring their exhibit materials, goods, and/or equipment against theft, damage by fire, accident or loss of any kind, but will not be required to submit a certificate of insurance to the OHBM.

Meeting Cancellation

It is mutually agreed that in the event of cancellation of the 2012 Exhibits due to fire, strikes, government regulations, or causes which would prevent its scheduled opening or continuance, then and thereupon, this agreement will be terminated, and the Executive Council of the OHBM, in conjunction with the Local Organizing Committee, shall determine an equitable basis for the refund of such portion of the exhibit fee as is possible, after consideration of expenditures and commitments already made.
