

OHBM 2012 Call for Abstracts Information

The Program Committee (PC) of the Organization for Human Brain Mapping expects to have high quality talks and posters presented at the Beijing conference. Abstract acceptance will be based on scientific content. Abstracts that are unethical, incomplete, or contain insufficient data will be rejected. Thank you for assisting us in increasing the quality of the OHBM Annual Meeting.

We look forward to welcoming you to the 2012 OHBM Annual Meeting and seeing you in Beijing!

Abstract Fee

There is a \$35 USD fee required to submit an abstract. The OHBM cannot honor requests for abstract submission fee refunds received after the abstract submission deadline of January 12, 2012. Abstract submission fees are required for abstract presentation consideration and will not be refunded if your abstract is not accepted for presentation during the Annual Meeting.

Also, please note that the presenter of the abstract must register for the meeting.

Abstract Guidelines

- The PC expects posters to be at a level that will provide a positive viewing experience for the attendees. When submitting abstracts for the 2012 OHBM Annual Meeting, please consider whether multiple abstracts are truly necessary or if the data you are presenting could be communicated via submission of one abstract.
- Enter your abstract, as you would like it to appear in the publications. Please refrain from using all caps, unless absolutely necessary (e.g., for acronyms such as PET or PRESTO, etc.).
- Abstracts should be formatted to include the following:
 - Title – 100 characters
 - Authors
 - Introduction, Methods, Results, Conclusions - 4000 Character Limit (includes spaces)
 - Figures (optional) - See guidelines below
 - References
- A maximum of 10 references can be entered per abstract submission. An example of a correct citation can be found below:

Annas, G.J. (1997a), 'New drugs for acute respiratory distress syndrome', *New England Journal of Medicine*, vol. 337, no. 6, pp. 435-439.
- Please include sufficient detail in methods and results to enable readers to have a clear understanding of what data have been collected and what results have been found. For example, where appropriate please include information on data acquisition and analysis, number of subjects tested, quantitative results and statistics.
- Guidelines for including figures in your abstract:
 - Up to 4 figures can be uploaded
 - All figures will be resized to a width of 500 pixels. Figure proportions will not be altered.
 - Figures should be less than 10 MB in size.
 - Acceptable File Formats include JPG, PNG, GIF.
 - If you would like to include a caption for your figure, please embed it directly onto the figure.
