

# Brain Me Out

## newsletter

1<sup>st</sup> issue - April 2016

### Who are we ?

Aurore Perrault  
PhD student, Prof. S. Schwartz's lab  
Project : sensory stimulation & sleep

Laurent Sheybani  
PhD student, Prof. C. Michel's lab  
Project : epileptic networks in mice

Raphaël Thézé  
PhD student, Prof. A. Schnider's lab  
Project : memory formation

OHBM is pleased to announce the new **Communications Committee**, which will serve the OHBM community to promote our science and to provide a forum for sharing knowledge and ideas about brain mapping. Check out the new Brain Mapping blog at [humanbrainmapping.org/blog](http://humanbrainmapping.org/blog) for new science highlights, education tools, and info on the upcoming meeting in Geneva!

### Our projects for OHBM

The [brainmeout](http://brainmeout) website :

**City Tour** - visits, restaurants & bars

**BrainStorm** - share with others

**Stay Tuned** - newsfeed

THE meeting place after the scientific sessions. Apero & games every night and **BMO** party on Tuesday !  
Open to all OHBM members

### HeadQuarter

#### Le cercle

des bains

rue des Vieux-Grenadiers, 10

OHBM participants only

We are on [facebook](https://www.facebook.com/brainmeout) and [twitter](https://twitter.com/brainmeout)
