

ORGANIZATION FOR HUMAN BRAIN MAPPING

Membership

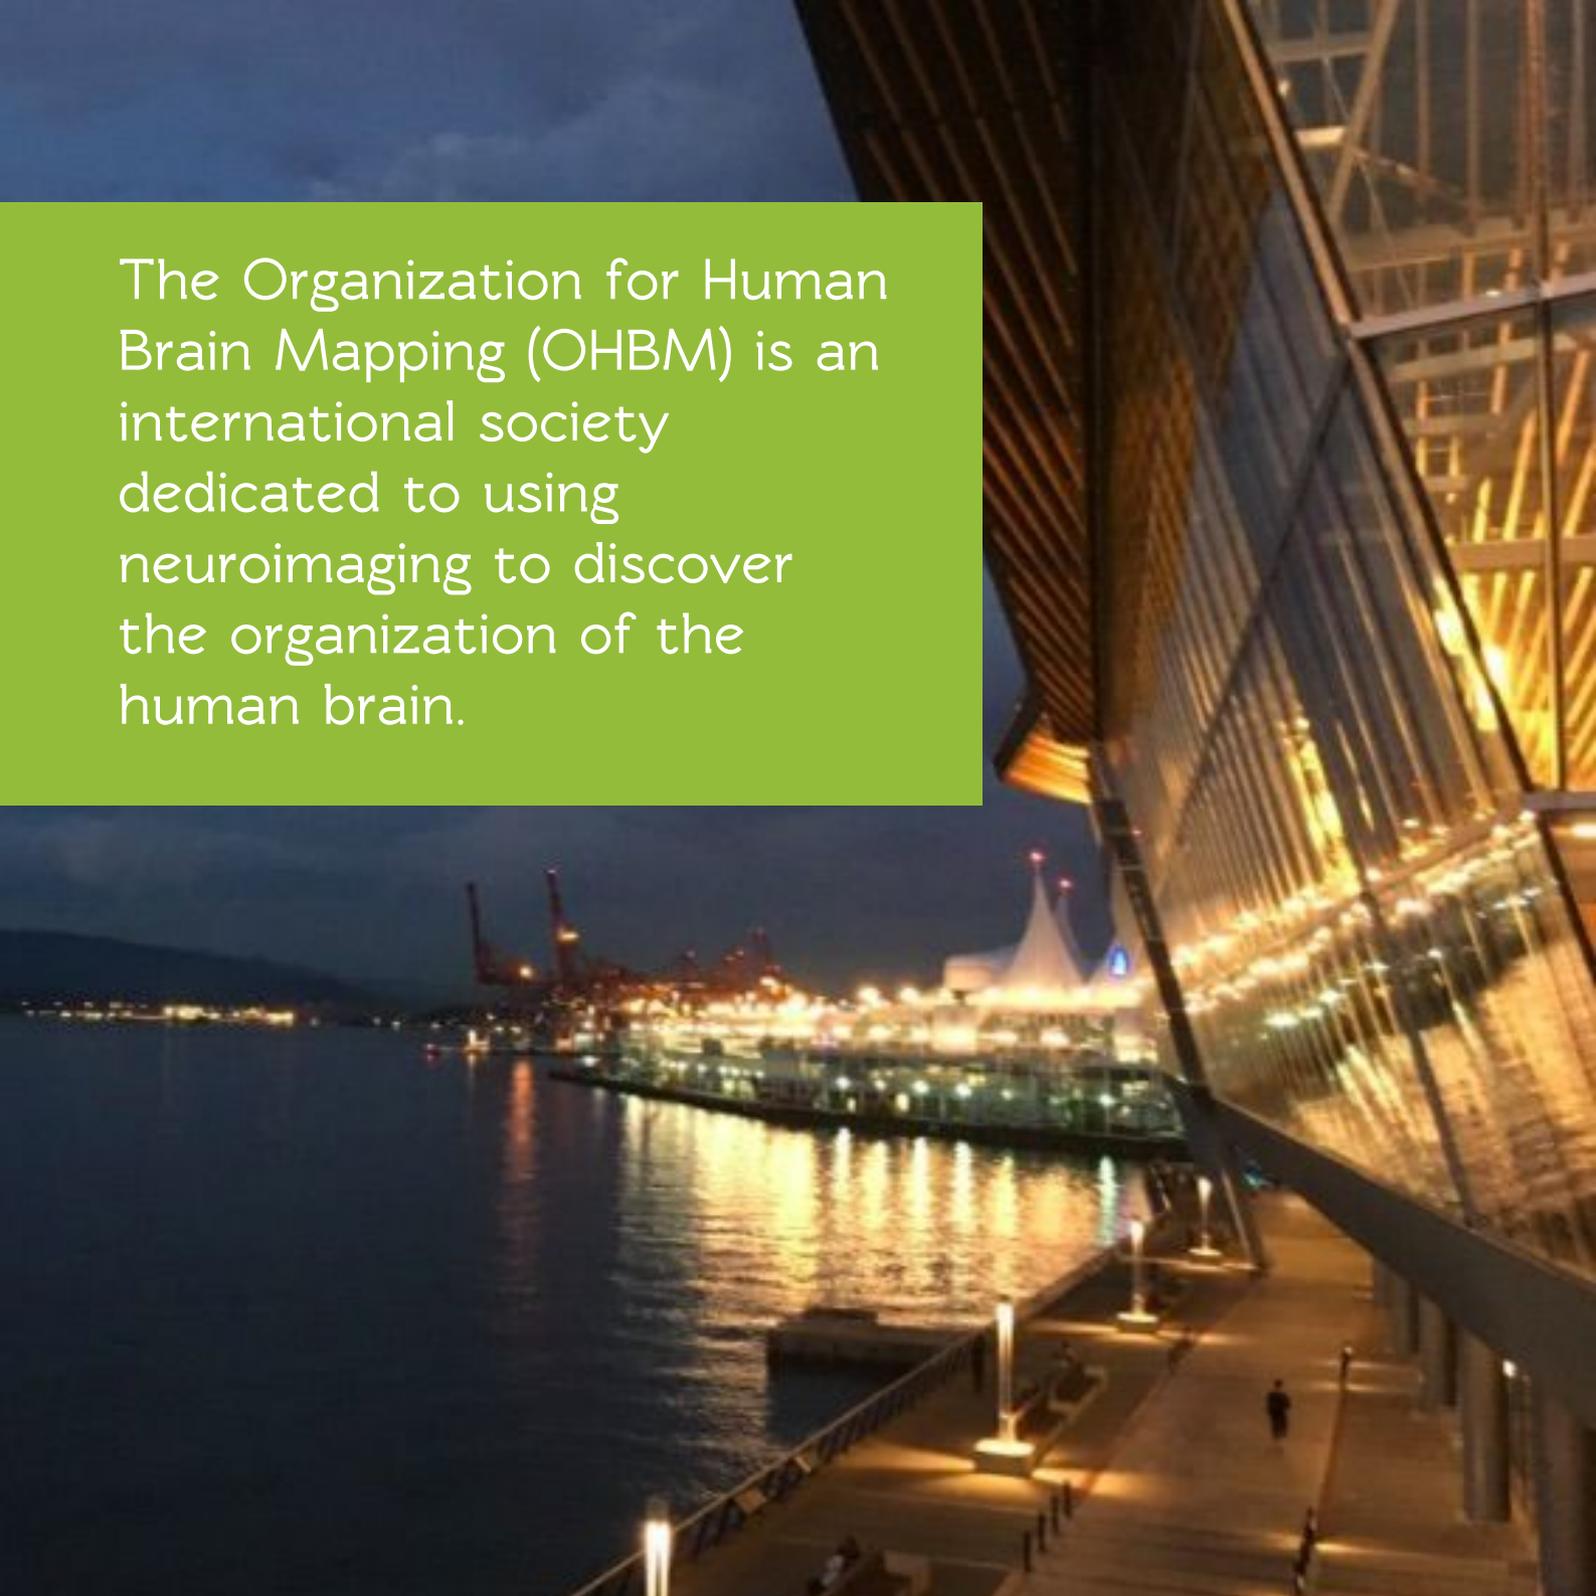

Organization for
Human Brain Mapping

Advancing Understanding of the Human Brain

www.humanbrainmapping.org

The Organization for Human Brain Mapping (OHBM) is an international society dedicated to using neuroimaging to discover the organization of the human brain.

WHO WE ARE

OHBM is a group of individuals with a large spectrum of shared activities besides the Annual Meeting. To name a few, we have regional chapters, special interest groups, committees on gender and diversity, multimodality, education, career, and we are developing relationships with societies that share our goals.

-Bernard Mazoyer,
OHBM Council Chair

The Organization for Human Brain Mapping (OHBM) is the primary international society dedicated to using neuroimaging to discover the structure and function of the human brain. The society was created in 1995 and has since evolved in response to the explosion of interest in human neuroimaging and its movement into the scientific mainstream.

One of the primary functions of the society is to provide an educational forum for the exchange of up-to-the-minute and groundbreaking research across modalities exploring Human Brain Mapping. It does this through a growing membership and an Annual Meeting, held in different locations throughout the world.

BENEFITS OF MEMBERSHIP

As a member of the OHBM community, you have access to many valuable benefits and resources. The OHBM website and OHBM OnDemand will provide you with technical information, career and professional networking opportunities and hundreds of lectures by leaders in the field of human brain mapping.

EDUCATION

OHBM is the global professional organization of the human brain mapping scientific community and provides educational lectures, courses and online learning opportunities.

Learn about up-to-the-minute and groundbreaking research across modalities exploring the foundations of human brain mapping through OHBM Annual Meeting educational programming and OHBM.

COLLABORATION

Meet potential collaborators and leaders in the brain mapping community through OHBM's member-only directory, networking opportunities at the Annual Meeting and OHBM social media channels.

INVOLVEMENT

Influence OHBM activities and initiatives by getting involved in committees, task forces, abstract reviews, and OHBM leadership.

CAREER

Find (or offer) career development opportunities through OHBM's online Career Center and participate in the OHBM mentorship program.

SAVINGS

Receive reduced registration fees for the OHBM Annual Meeting and reduced subscription prices on NeuroImage and Human Brain Mapping.

As a professional in the brain imaging community, you play a critical role in OHBM's mission of expanding the understanding of the human brain.

3 WAYS TO BECOME AN OHBM MEMBER:

**Complete the
online application**

**Call (+1)
952-646-2029**

**Email
info@humanbrai-
nmapping.org**

Join the international society for neuroimagers, dedicated to discovering the structure and function of the human brain.

Be a part of this vibrant, international community dedicated to advancing the field of neuroimaging. Attend the premiere meeting that facilitates communication among the various expert communities that span imaging modalities, basic and clinical neuroscience, and data analysis methodologies.

MEET THE TEAM

JOANN TAIE
Executive Director

KAYLA STIDGER
Director of Meetings & Events

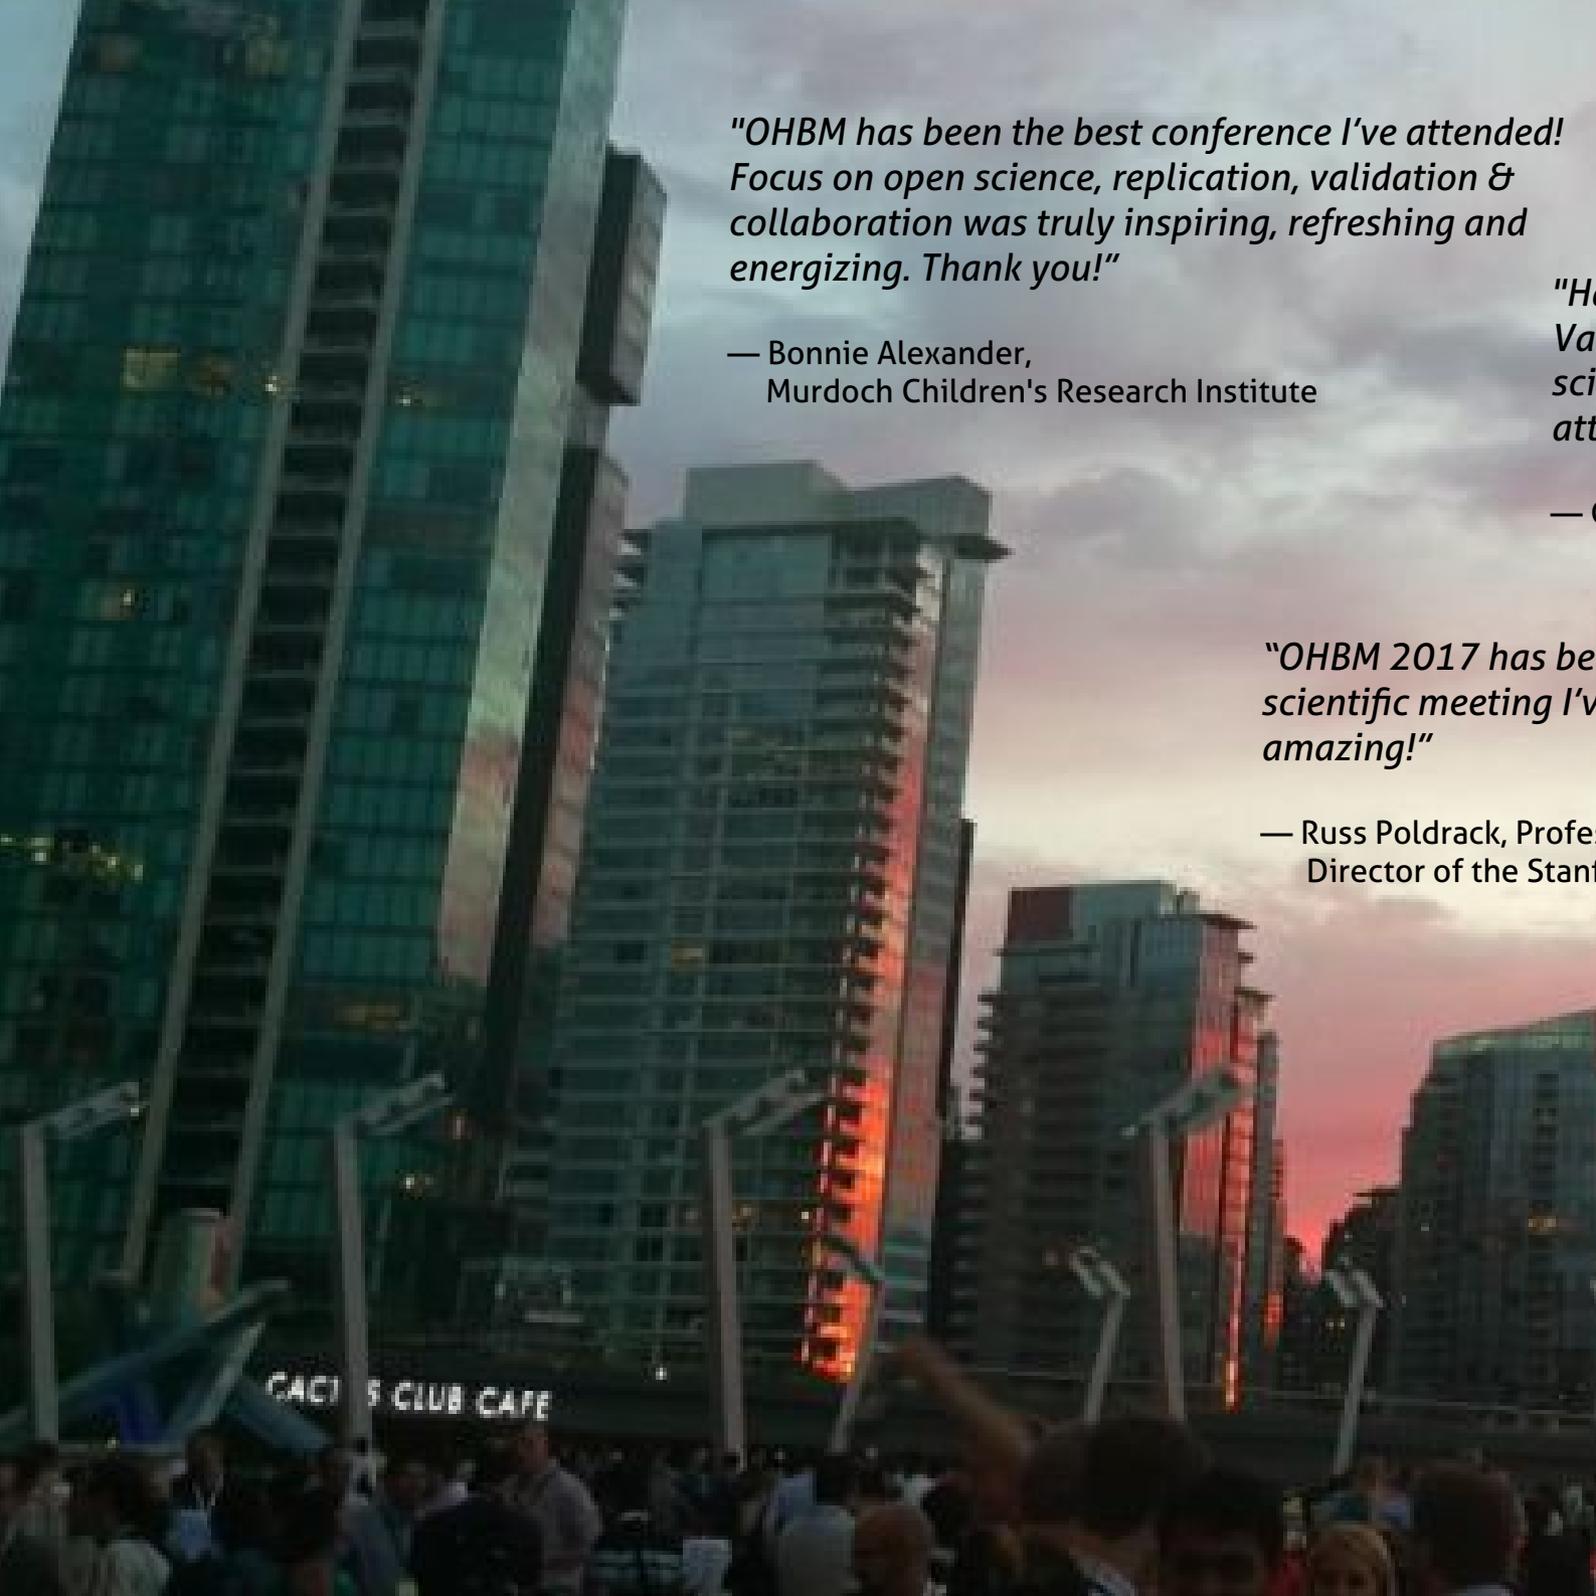

RON STEFFENS
VP of Finance & Operations

STEPHANIE MCGUIRE
Communications Manager

JAE GULLINGS
Administrative & Meeting Coordinator

A photograph of a city skyline at dusk. The sky is a mix of light blue and pinkish-orange. Several tall, modern buildings are visible, some with lights on. In the foreground, there is a crowd of people, and a sign for "CAFE'S CLUB CAFE" is visible. The overall atmosphere is vibrant and urban.

*"OHBM has been the best conference I've attended!
Focus on open science, replication, validation &
collaboration was truly inspiring, refreshing and
energizing. Thank you!"*

— Bonnie Alexander,
Murdoch Children's Research Institute

*"OHBM 2017 has been the best
scientific meeting I've ever attended!
Amazing!"*

— Russ Poldrack, Professor
Director of the Stanford Center for
Applied Cognitive and Computational Developmental Psychology

EXPERIENCE OHBM

Had an amazing time at OHBM in Vancouver! Hands down best scientific meeting I've ever attended. Can't wait for next year!"

Greg Kiar, McGill University

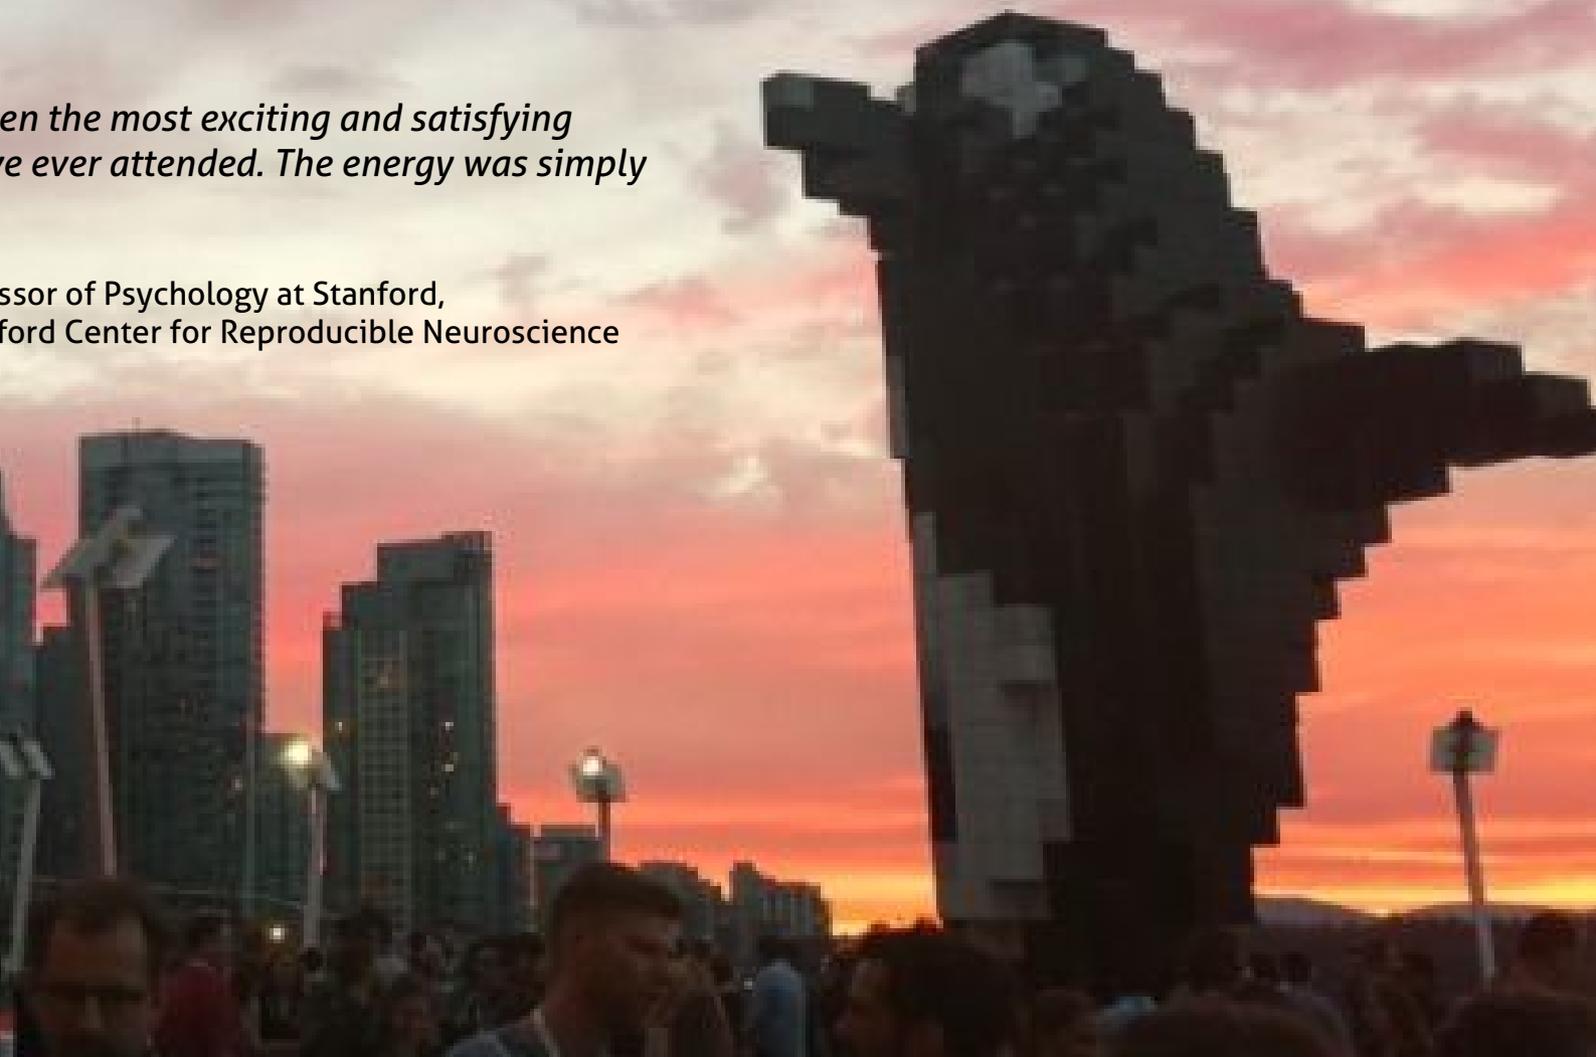

"Sixth time attending and this was by far the best one yet! Thanks for the great conversations everyone, can't wait 'til next year!"

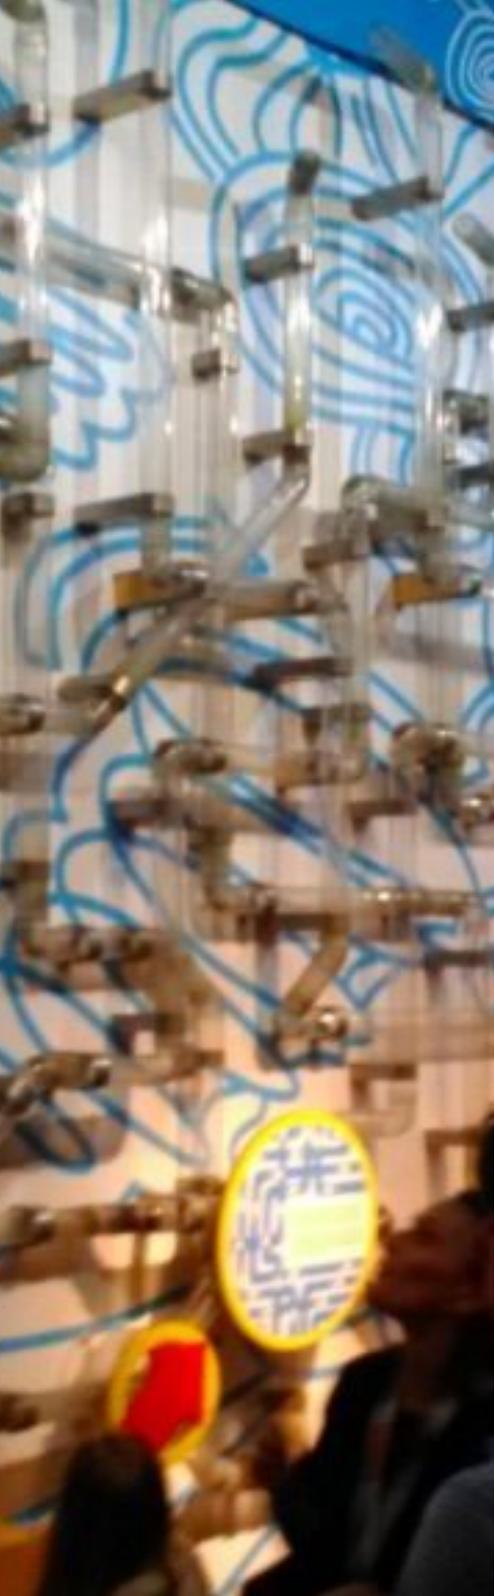

— Emily Finn

Postdoc at The National Institute of Mental Health (NIMH)

Was the most exciting and satisfying I've ever attended. The energy was simply
