The Australian Chapter Committee is delighted to host the inaugural Australian Chapter Symposium of the Organization for Human Brain Mapping (OHBM), at the Ian Potter Auditorium, Kenneth Myer Building, Melbourne on the 12th October 2018.

This day-long meeting will be a showcase of the neuroimaging research performed by researchers in Australia, uniquely providing them with a platform to present their work in a friendly environment as well as a great networking opportunity. Whilst we accept the usual abstracts, we will also accept 'works-in-progress' abstracts.

Suggested Abstract Format

An abstract template may be found overleaf. We recommend including the following sections (deviations from suggested format are possible where appropriate):

- **INTRODUCTION:** “Why was this study/research performed? What unsolved problem are you addressing?”
- **METHODS:** “How did you study this problem?”
- **RESULTS:** “Report the data, analyses and/or outcomes”
- **DISCUSSION:** “How do you interpret the results?”
- **CONCLUSION:** “What is the relevance to clinical practice or future research?”
- **REFERENCES:** References should use the suggested style below

Example: Motion information was transferred from 4D-T1w MRI to 3D-T2w MRI¹.
